

## AGENDA

# Brady & Tachy / CRT technology at MicroPort CRM

November 7-8, 2024

Clamart, France

# Brady & Tachy / CRT technology at MicroPort CRM

## Course description

This Course provides all the tips and tricks when programming MicroPort CRM's pacemakers, ICD and CRT devices. You will benefit from this training even if you are already very experienced in MicroPort CRM technology.

## Course objectives

By the end of this training session, the participants will be able to:

- Understand MicroPort CRM's unique algorithms
- Identify all the pacemakers, ICD and CRT programming steps using the programmers

## DAY 1

November 7, 2024

9:30	Welcome and MicroPort presentation	P. Stiégler
9:45	Automatic algorithms in pacemakers – AutoMRI	A. Couturier
10:45	<i>Coffee Break</i>	
11:05	Pacing avoidance strategy: SafeR™	A. Couturier
12:00	Pacemaker Programmer hands-on	A. Couturier / P. Stiégler / N. Iscolo
12:45	<i>Lunch</i>	
13:45	Atrial arrhythmia management	A. Couturier
14:45	Dual sensors and Sleep Apnea Monitoring	A. Couturier
15:25	<i>Coffee Break</i>	
15:45	ANSWER clinical study results	A. Couturier
16:30	Pacemaker Programmer hands-on	A. Couturier / P. Stiégler / N. Iscolo
17:30	End	

# AGENDA

## DAY 2

November 8, 2024

8:30	MicroPort company presentation	R. Poulet
9:00	MicroPort ICDs and discrimination algorithms	P. Stiégler
10:15	<i>Coffee Break</i>	
10:35	Fast VT zone and BTO	P. Stiégler
11:15	ICD Programmer hands-on	P. Stiégler/N. Iscolo
12:15	<i>Lunch</i>	
13:15	Factory visit	
14:00	SonR /RESPOND-CRT clinical study results	P. Stiégler
14:45	<i>Coffee Break</i>	
15:00	CRT Programmer hands-on	P. Stiégler/N. Iscolo
16:00	End	

Pierre Stiégler, Education Manager  
Anne Couturier, Online Education Specialist  
Nicolas Iscolo, Education Specialist  
Richard Poulet, VP Global Marketing
